LIFE SCIENCES EQUIPMENT

NEW

VHP BIORESET MAX

The **NEW** generation of VHP Generators.

The AMIRA **Bio-Reset MAX** can simultaneously read PPM, PH and Temp, then the bio-decontamination cycle will be automatically adjusted.

The H₂O₂ vapour can reach all the surfaces, to perform a -6 Log bio-decontamination.

No need to protect or cover the hoods.

Main features

- Fully automated +
- No more setting of cycles +
- Ethernet remote control +
- Easy to handle +
- 7" Colour Touch Panel +
- Suitable up to 350 m³ +
- Catalyst on request +
- 6 Log Bio-decontamination +

Typical applications

- BSC +
- Hoods +
- Service +
- HEPA Filters +
- Ambulances +
- Laboratories +
- Animal housing +
- Hospitals & Clinics +
