LIFE SCIENCES EQUIPMENT

EASYPASS [PATENTED]

ONE WHEELED PASSBOX
THAT SUITS MULTIPLE DOCKS

EASYPASS [PATENTED]

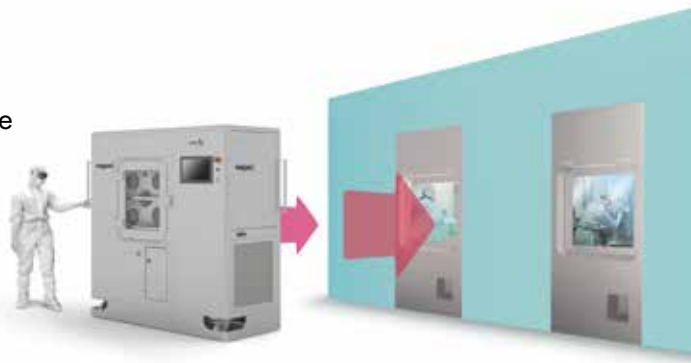

EASYPASS is a wheeled passbox that suits multiple docks.

This technology outclasses the traditional way of using a passbox for every dock.

Compliances

GMP
FDA 21 CFR Part 11

EASYPASS is designed to transfer material from C/D areas into A/B class cleanrooms, with an integrated LAF that grants, at anytime, the class A into its chamber.

Built-in equipment
